To save a web page as an HTML file, you can use a web browser or a text editor.

Using a web browser

1. Go to the page you want to save

2. Right-click on the page

3. Select Save or Save as

4. Choose a file folder and name

5. Select HTML or Webpage, HTML Only as the file type

6. Click Save

Using a text editor

1. Open the page in a text editor like Notepad

2. Select File then Save as HTML

3. Choose a file folder and name

4. Click Save

You can also use keyboard shortcuts to save a web page as an HTML file:

• PC: Press Ctrl + S

• Mac: Press ⌘ Cmd + S

After saving, you can open the HTML file in a text editor to make changes.
